

For Immediate Release

CSI lowers Physical Damage rates for On-Road Coal Haulers!

Birmingham, AL - October 26, 2009

Casualty & Surety, Inc. continues to enhance our Mining capabilities by lowering our Physical Damage rates for On-Road Coal Haulers by over 20%. This action will make our In-House Underwriting program that much more competitive in the marketplace!

Again, this is a great addition to our existing mining program and will allow us to thoroughly service our mining accounts in every way.

Highlights of the new program are as follows:

- ◆ Minimum policy premium of \$2,500
- ◆ Underwritten by CSI with quick turnaround
- ◆ Policies and endorsements issued by CSI
- ◆ Flexible MVR and driver requirements
- ◆ Program can write new ventures

Our goal is to continue to grow and become more of an asset to your operation. We are striving hard at doing just that on a daily basis to bring you the best possible Mining product available.

Thank you again for your business and support. For more detailed information please contact:
